Tell us about Miss Kate...

Miss Kate has lots of beautiful products for girls that are safe to use. They don't have any chemicals or nasty stuff in them and they smell amazing! They also look very pretty in your bedroom and make you feel special.

You work with your mum. What are your tips for working in a team?

My mum is always happy and full of ideas that I love to listen to. We are a good team because she likes hearing what I think about the products.

What do you want to be when you grow up?

I would love to be the manager of Miss Kate, but I also want to be a fashion designer. Maybe I will do both and be very busy!

What do you love about being involved with the business?

My sister, Sarah, and I are the first in the world to have all the Miss Kate products. My friends always want me to give them Miss Kate things for their birthdays!

What's your role at Miss Kate?

My mum asks me about what girls my age are interested in. I tell her what I like and what I think should be included in the product range. I help her test product samples and pick my favourite one. I am also featured in some ads for Miss Kate, which is lots of fun too.

What is your favourite Miss Kate product and why?

I love the Pillow Spray! It is very soothing and relaxing after a busy day at school. My mum sprays it on my pillow every night and it makes me feel like a princess. I also love the lip balms because I get dry lips sometimes.
